COVID-19: Screening Questions and Guidelines

This guidance is intended for screening of individuals prior to the start of the Club day. It is not intended for people confirmed or suspected COVID-19, including persons under investigation. Individuals with confirmed or suspected COVID-19 should follow the guidance found recommended by the CDC and ADH

Ask individuals requesting entry the following questions:

Do you have any of the following?

- Fever
 - Individuals who have symptoms of acute respiratory illness are recommended to stay home until they are free of fever (100.4° F or greater using an oral thermometer), have signs of a fever, and any other symptoms for at least 24 hours, without the use of fever-reducing or other symptom-altering medicines (e.g. cough suppressants).
- Shortness of breath (not severe)
- Cough
- Chills
- Repeated shaking with chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

Are you ill, or caring for someone who is ill?

- Individuals who are well but who have a sick family member at home with COVID-19 should notify the Club.

Have you come into close contact (within 6 feet) with someone who has a laboratory confirmed COVID-19 diagnosis in the past 14 days?

- Have contact with someone diagnosed with COVID-19?
- Live in or visit a place where COVID-19 is spreading?

Are you a first responder, healthcare worker, or employee or attendee of a child or adult care facility?

Are you practicing social distancing or use of PPE in public areas?
